Strategy aims for disadvantaged pupils

Measure	Activity
---------	----------

Priority 1	To keep the attainment gap between disadvantaged children and non-disadvantaged children as close to national average. For at least 75% of disadvantaged children to make or exceed national expected progress. Ensure class sizes are kept under 22. Employ additional teachers to ensure we can meet this target.
Priority 2	To provide wider social learning opportunities for all children.
Barriers to learning these priorities address	Ensuring staff use quality first teaching to target children not making good progress.
Projected spending	£200,000 (Average of £50k per member of staff). £70,000 for learning opportunities.

Wider strategies for current academic year

Measure	Activity
Priority 1	Continue to provide breakfast club at a reduced rate of £1.00p daily.
Priority 2	Hummersea Curriculum - Provide wider learning and social experiences (visits) for all children at least six times a year.
Barriers to learning these priorities address	Due to the poor socio-economic nature of the area, many children are unlikely to have the breadth of experiences that a 'typical' child would have. Improving social support and wider learning experiences for disadvantages.
Projected spending	£70,000

Monitoring and Implementation

Area	Challenge	Mitigating action
Teaching	Ensuring school has the finances to keep class sizes below 22 children.	SLT do not regularly receive additional management time. The administration office is kept small.
Targeted support		
Wider strategies	Provide opportunities that children would not normally be able to access.	Teachers plan a range of learning experiences to develop children's social understanding of the wider community.
