		Children within schools in the local area coming together to develop physical skills and competition experience.	with other schools in the local area.	school to co-ordinate competitions with other schools in the local area.	
New PE equipment (Football goals, play equipment, tennis balls)	£500	<p>PE equipment has been used as part of curriculum use and as part of intra/inter sports competitions and festivals.</p> <p>Children's experience in PE has been enhanced to allow for children to work individually and in small groups to further develop their skills and collaborative work.</p> <p>This has also allowed for the Play Leaders to utilise more equipment on a play and lunch time to engage more children in activity.</p>	The school will continue to reinvest when equipment needs replenishing. Play Leaders have a responsibility to look after equipment so that it remains in good condition.	Audit the current equipment to see what may need replacing in future, and if there is anything additional that may enhance the teaching of PE as part of the curriculum and in children's physical activity as playtimes.	2 4

Subsidising Residential	£18,030	Children have been more able to access to residential trips due to the school subsidising the cost. This has allowed more children to experience outdoor activities which have helped with physical skills, team building and self-esteem.	This will continue in future as the children gain valuable life experience from the residential, learn how to be safe, improve physical skills and understand how to look after each other/be part of a team.	The residentials will be booked in again for the next academic year.	4
